

# THE DAILY BULLETIN.

WEDNESDAY EVE, JAN. 2, 1884

**\$7.601.**

The above amount represents the circulation of this week of the DAILY and WEEKLY BULLETIN. Advertisers are informed that the circulation of the Bulletin is the largest of any paper published in this city, and they are requested to insert their advertisements in the Bulletin.

Dr. J. D. Woods, of the Bowling Green Gazette, is a candidate for Public Printer of Kentucky.

SABOTAGE MASON has settled down at Washington City as a shoemaker. He learned the trade during his imprisonment.

The publication of the pension list, at a cost of \$55,000, has led to the filing of 10,000 applications for an increase of pension.

PROHIBITION is likely to prohibit in Putnam county, Kansas. Upon twelve dealers the Court imposed fines aggregating \$7,000 with \$3,000 costs and ninety days in jail.

A WESTERN editor, traveling in Georgia, says that prohibition in eighty-nine counties in that State probably means that the colored people have no money to buy liquor with, and that there is no money in saloon keeping.

EX-GOVERNOR LONG, of Massachusetts, has been forced to explain to the Civil Service Association why he voted for Kiefer for Speaker. The only reason he gives is that the old Republican Congressmen did the same thing.

It is said there are but few German or Irish residents of New York who do not at Christmas time send to the "old country" some portions of their earnings in the new world. The number of bills of exchange, drafts, etc., this year was far in excess of previous years, and a well-posted banker estimates the amount sent was at least \$2,000,000, in amounts ranging from a dollar or so to thousands of dollars.

MAJOR JOHN W. DANIEL, author of the platform on which the Democrats made their successful fight in the recent Virginia election, has written a letter to the editor of a paper in southwestern Virginia, in which he says he has "no doubt every principle enunciated in the platform will be carried out in 'letter and spirit'." That the deal issues of past canvasses will be buried, and the living issues of to-day carried to the front. Major Daniel expresses regret that anybody got hurt in the Danville affair, but he declares that "the sooner everybody understands that the white people of Virginia do not intend to submit to plunder, outrage and insult, the better it will be for all concerned."

The follow is the docket of the Court of Appeals for this Judicial District, winter term, viz:

**WINTER TERM—JANUARY 21.**  
Hurst vs. Casiday, ad. Fleming.  
Hickworth vs. Thompson, ad. Lewis.  
Harris, ad. vs. Howard, ad. Lewis.  
Coley vs. Coley, ad. Lewis.

Pratt's Administrator vs. Pratt's Administrator, ad. Rowan.

The following is the docket of the Superior Court from this district, viz:

**JANUARY 21.**  
Dougherty vs. Rizzo, Fleming.  
Hickworth vs. Casiday, ad. Fleming.  
Harris, ad. vs. Howard, ad. Lewis.  
Coley vs. Coley, ad. Lewis.

The Legislature met at noon on the 31st ult. The following Senate officers selected in caucus were elected: Chief Clerk, W. V. Prather, of Harrison county; Assistant Clerk, G. W. Reeves, of Hickman; Sergeant-at-Arms, Bart Jenkins, of Louisville; Door-keeper, J. Fry Lawrence, of Louisville. The House was organized by the election of Dr. Folk Johnson, of Louisville, as Chief Clerk, and Willis Ringo, of Hickman county, as Assistant Clerk. W. E. Bailey, of Woodward county, was chosen Sergeant-at-Arms, and Robert Taylor, of Bullitt county, Door-keeper. Hon. Charles Offutt, of Bourbon, was elected Speaker on the third ballot. The balloting for United States Senator will not begin until the 15th of January, as the law provides that the balloting shall be on the second Tuesday after the organization of the Legislature.

**The Mayville Hog.**  
Lexington Daily News.  
A gentleman rushed into our office this morning nearly out of breath, and when asked what was the matter he replied: "Oh, nothing, only I have run all the way from Mayville here. I just missed the train there, and as I tried to go back to the city a long time and my money was gone, I ran to get out of my way, but he followed me, giving me a lively chase and hearing they would have a dog fight at Lexington, and here I am. Please look down stairs and see if that dog is at the door. I once kicked a dog and ever since that time they had no use for me. I will never go to Mayville again unless they vote the dogs out."

## AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the bowels, and Dr. J. C. Ayer's CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a sure and pleasant remedy. The extensive use of these Pills by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These Pills are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A sufferer from Headache writes: "AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest pills I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers."

W. L. FARR, of W. L. Farr & Co., New York.

"I have used Ayer's PILLS in numerous instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine." FOR HYPERPLASIA, they are invaluable.

**MURDERED IN HIS CABIN.**  
An Old Man Shot and Robbed of His Little Savings.  
GLENNWOOD, Iowa, Jan. 1.—An old man named Shelly has been keeping a small store about four miles north of Malvern, in this county. Sunday some of his neighbors visited his place, and found that he had been murdered. He had been shot five blows on the head with an ax, which was left near him. Either of the blows would have caused instant death. He was partially dressed, and from other indications it would seem that he had been called upon during the preceding night after having retired, and had admitted some one to his cabin, and that while seated at the fire the assassin had struck the fatal blow from behind. The affair is shrouded in mystery, as it was not known that the old man had an enemy, and it was generally known that he was a poor man. Robbery is supposed to have been the motive, however, as his watch and revolver were taken, together with a small sum of money. The excitement near the scene of the murder is intense.

**Catched in Time.**  
CINCINNATI, Jan. 1.—About noon some men employed in the yard of the Keystone Coal Elevator noticed a woman on the railing of the Newport bridge, and called to her to get out. She obeyed, and before she could make a second attempt to jump strong arms entangled her. She proved to be Susie Madison, twenty, of corner Madison and Sprague streets, Newport, where she lives with her stepfather. She said she tried to jump into the river, and that she would do so again. The poor creature is evidently insane. She will be returned to her home.

**A FEW FARMS.**  
Anticipated Trouble for the Land Grant Railroads.  
NEW YORK, Jan. 1.—A Washington special says: The House Committee on Public Lands will next week report bills to forfeit the land grants of certain railroad companies, amounting to some 15,000,000 acres. The Texas & Pacific grant, which is one of those expected to be forfeited, contains 14,000,000 acres alone.

**English Labor Troubles.**  
MANCHESTER, Jan. 1.—The mill operatives are greatly disappointed in failing to receive the support they had reason to expect from other sections of England, and the end of the strike seems entirely near. It may collapse entirely within a few days, unless assistance comes from some unexpected source. The operators have been obliged to appoint a committee to solicit contributions for the support of the strikers.

**A Very False Prophet.**  
CAIRO, Jan. 1.—Letters from El Mahdi to his adherents have been intercepted by Baker Pasha, which prove the False Prophet intends to invade Egypt proper, and that the rebellion practically extends as far as the Kowider district in lower Egypt. Baker Pasha is much alarmed at the outlook.

**A Wholesale Robbery Stopped in the Bud.**  
CLEVELAND, O., Jan. 1.—Every train man on the Bee Line express Monday morning from Columbus was armed to the teeth in expectation of meeting an organized band of express robbers, who were reported the night before as ready to board the train. The band number five desperadoes led by Big Kelly, who was captured near Columbus Monday morning. He told of the proposed robbery while drunk, and his gang, learning of this, abandoned the proposed attack.

**A Chicago Fire.**  
CHICAGO, Ill., Jan. 1.—The building 100 to 107 Van Buren street was partially destroyed by fire Monday night. Gannon & McCreary, furniture manufacturers, lost \$30,000 on stock; Frank Wentnor, bracket maker, \$3,000 by fire and water; Mages & Bolton, picture framers and mountings, damaged by water, \$3,000. Loss on building, \$15,000. All fully insured. Lieutenant Wall, of Engine Company No. 5, was seriously injured by falling from the roof.

**Chicago Business Record.**  
CHICAGO, Jan. 1.—The clearings for the year have amounted to \$2,527,307,000 as against \$1,790,537,000 for 1902. The flour receipts for the year were 4,657,983 barrels, wheat 20,313,065 bushels, corn 7,430,985 bushels, oats 57,909,422, rye 3,660,430 bushels, and barley 10,304,019 bushels. The total receipts of grain and flour were 108,645,000 bushels and the shipments 145,073,528.

**An Brave Brother.**  
CHICAGO, O., Jan. 1.—At Thompson, this county, Mr. Hess, a district school teacher, severely punished one of his boy pupils. The boy's big brother went to school and pounded and kicked Hess until he became unconscious, and the school had to close. A constable with the necessary papers is searching for the young man who aided the assault, and who has since skipped. Hess is still unconscious.

**Too Familiar With His Wife.**  
DETROIT, Ill., Jan. 1.—Harvey Kinner and William T. Kinner, both of this city, engaged in a violent quarrel, and the former shot the latter through the left breast. The morning after the deed the Kinner macy between Harvey and William's wife. Harvey is in jail. William is yet alive, but in a critical condition.

**The West Shore.**  
NEW YORK, Jan. 1.—The West Shore and Buffalo Company has been admitted as a member of the Trunk Line pool and has been awarded twelve per cent of the total tonnage on west-bound business from New York destined to points west of the Trunk Line terminal. The West Shore's participation in the pool begins January first.

**Declines to Come Down.**  
ST. LOUIS, Jan. 1.—The Police Board ordered Chief of Police Campbell to give up his sash and walk a beat on the river front. He refused, and also declined to give up the keys of his office. He will contest the case in the courts.

**Killed By the Cars.**  
ELOIN, Ill., Jan. 1.—The Elgin accommodation on the Milwaukee and St. Paul road killed two unknown men near Pacific Junction Saturday night. They were aged probably forty-two and twenty years. The remains were sent to Chicago.

**A Severe Sentence.**  
DETROIT, Jan. 1.—George Cobert, who shot at patrolman Griff when the latter was attempting to arrest him several weeks ago, convicted of assault with intent to kill, and sentenced to ten years in the penitentiary.

Shall We Let the Child Die?

A hard-hearted political economist, looking at a pale and puny child feebly gasping as it lies upon a pillow, says that the child might as well die. It is so weak and poor that its life will never be worth much anyhow. There are already a good many people in the world who are of not much account any how. And what's the use of adding to their number another weakling, who has but slender chance of ever amounting to anything?

Now ask that child's mother what she thinks about letting the child die. About this time the hard political economist had better get out of the way. "Let my child die? Not a bit! At any rate there is a remedy to be found that will save that child, the child shall not die! I'll spend my last dollar to save the child!" Well, try a bottle of BROWN'S IRON BITTERS on that child. See the poor little fellow pick up strength. He revives. He will live. Hosts of other children have been brought almost from death to healthy life by Brown's Iron Bitters. Your druggist sells it.
